We write this letter as reference for Creative Lab Interior Decoration LLC

Creative Lab completed fit out works for our offices at Jafza One, Tower A, Jebel Ali Free Zone.

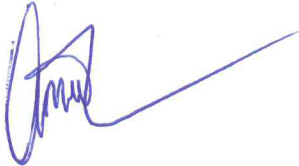

We are completely satisfied with their services as the fit out works were completed in the time frame promised and done in a professional manner.

Their staff were always available and active, result driven and understood our needs and requirements and were very cooperative. We encourage other companies to also make use of their services and we ourselves will do in future as their services are compatible and professional.

Kindly do feel free to reach us should you require any additional information.
