

Midea Consumer Appliances

Dated : 18th March 2021

Letter of Appreciation

This is to inform you that M/s Creative Lab Interiors LLC has done the Fit out works in our new office at 404-407 Al Mazayya Business Avenue AA1, JLT

Even though we had made several modifications in the layout and design during the course of the project they were able to execute the project and have done a wonderful job. Another Commendable quality is their focus on customer satisfaction. Even after moving into our new office, we found some snags and their team worked to resolve all issues. The entire team is well trained, committed and professional.

I would highly recommend Creative Lab Interiors to anyone looking for fitout works for their company.
